My profoundest greetings and felicitations to the officers and members of the Torres High School Class '66 on your 40th Anniversary.

I laud your group for relentlessly supporting your alma mater and the local government thrust-KARUNUNGAN, under the 8-K Buhayin ang Maynila Program, to ensure quality education for the benefit and welfare of the underprivileged but deserving students of Manila.

There is no gainsaying that most of you are successful in different fields of endeavors. Thus, it is very appropriate to share your blessings to other people especially to the students of Torres High School.

As the Father of the City of Manila, I exhort you to remain focused and unwavering in your responsibility and steadfast to your sworn duty and commitment to undertake beneficial projects to support your alma mater.

May this event bring forth joy and thrill as you ignite the fire of friendship and fond memories of your former classmates and schoolmates.

Best wishes to your 40th Anniversary!

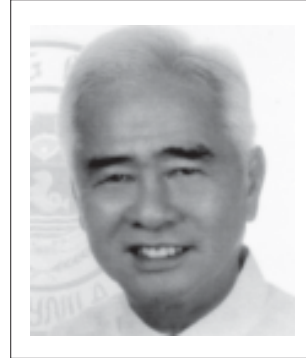

MABUHAY!

Cordial greetings to the alumni and friends of Torres High School!

High school life is said to be one of the happiest there is in one's life, which is why I am very honored and overwhelmed to take part in Torres High School's effort to renew the enthusiasm of high school years through reuniting its Class '66 graduates.

I sincerely hope that your 40th Anniversary would not only bring out smiles, but would also garner golden memories that are worth a lifetime.

Mabuhay and more power!

Achievements are not only measured by the quantities, but most importantly the quality. As we all know, and it is fact that Torres High School is not only an educational institution, but an institution for so many years that had produced not only leaders of local and national stature but as well of international prominence and/or recognition. It is an institution that prepares and hones men and women to excel in their chosen fields or endeavors.

To the Torres High School Class '66, in reaching your 40th Anniversary is a milestone and your achievements are unprecedented particularly in the publication of this Souvenir Program which highlights or reminiscing the past.

My kudos and heartfelt congratulations to the Torres High School Class '66 to their 40th Anniversary.

Allow me to take this joyful occasion to extend my heartfelt congratulations and best wishes to all the graduates of the Torres High School Class '66 as you observe this year the holding of the school's celebration of its 40th Anniversary. The Torres High School 1966 had the fantastic plan of publishing a Souvenir Program to coincide with this memorable event and I am very pleased to send this congratulatory message to your honorable school.

Torres High School has been one of the distinguished and prestigious learning institutions during those years and up to this writing. Many illustrious men and women in the private and religious sectors, in the field of public service, sports world and show business are proud and honorable graduates of one of the most celebrated secondary schools in the City of Manila.

Congratulations and Mabuhay!

Mabuhay!

My sincerest congratulations to the THS Class 1966 on your Ruby Anniversary celebration.

It is at high school class reunion and homecoming that pleasant and significant memories are recalled. These fond memories linger through the years which bond you together as if everything just happened yesterday.

As time passes by with incredible speed, it is also your incredible and genuine enthusiasm to remember and support your Alma Mater that touches the heart. You are so blessed to be given the chance to share your fortune and fame to your beloved Alma Mater. Continue doing so and may the ALMIGHTY GOD bless you more!

CELEBRATING OUR RUBY JUBILEE

Ariston V. Delos Reyes
President

It is with great pleasure that I convey my sincerest felicitations to my fellow alumni of Torres High School Class '66 on the occasion of our Ruby Anniversary.

The time has come for us to be together again. On this occasion, let us take the opportunity to look back and renew the special bond that we shared during our growing years. I recall quite clearly how eager we were for knowledge and how hopeful we were for what the future promised. We were filled with great expectations for the life ahead of us. Indeed, we have come a long way since then. Torres High School provided us a friendly and safe space in which to discover ourselves before we set on life's path. It helped greatly in laying the foundation for our education and character.

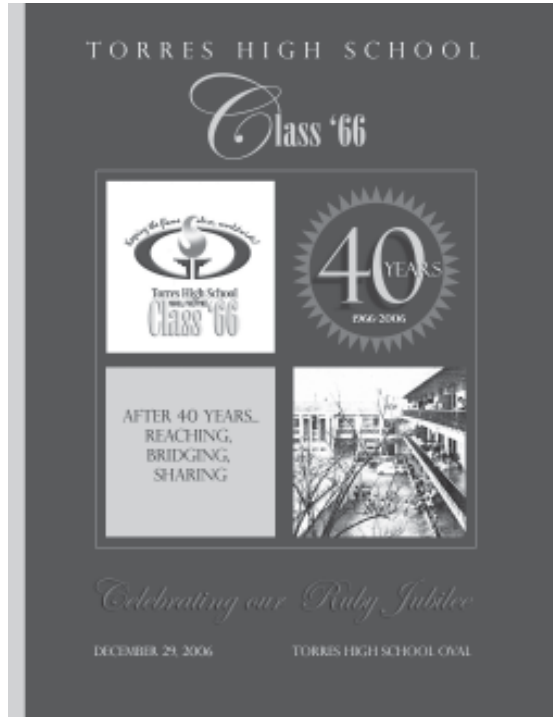

Although we have already ceased being students, the teachings and principles of our school will forever be instilled in our hearts and minds, and they will always be our source of inspiration.

As we come together during this celebration, I greet each of you a warm welcome. May our reunion be an occasion of happy memories, renewed friendship, and stronger ties!

"Walang uuna sa Torres High!" Let that spirit live on.

Our Cover

The cover design and souvenir program was conceptualized and designed by another pride of Torres High School, Oscar 'Sonny' de Castro (Class '64). He is a multi-awarded graphic designer and counts among his prize winning art works, the Philippine Basketball Association (PBA) Logo. Presently a lecturer at Collegio de San Juan de Letran and the chief executive designer of **DesignOneders**, a company engaged in corporate image management. Married to another Torresian, Maria Luisa Villafria (Class '66).

The alternative cover design

The cover design captures all the important elements to depict the 40TH Anniversary of Class '66, the theme of the celebration "**AFTER 40 YEARS... REACHING, BRIDGING, SHARING**" conceptualized by Antonio Yu, the festive thematic 40th Anniversary logo, the Class '66 logo and an old shot of our alma mater. All these elements elegantly designed and made use of the official colors of Torres High School, maroon and gold. Two cover designs were presented to the board but this was the unanimous choice.

LOOKING BACK AFTER FOUR DECADES...

By CITA CARLUEN AND BERT TRINIDAD

Year 1966 was the first term in office of President Ferdinand E. Marcos after his election on December 30, 1965. His first year showed a lot of promise, building on the relatively robust economy. His dream was to make the Philippines great again, envisioning a New Society (Bagong Lipunan) which would promote peace, harmony and progress to its citizens.

Year 1966 was the year when Torres High School celebrated its 40 years of existence. With a dynamic team composed of Mr. Cesario Bandong as the principal and Mr. Rufino dela Cruz as the assistant principal, the school stood very prominent among the secondary schools all over the country. The school was respected of all the Manilans and the rest of the Filipinos alike.

April 29 of the same year, a batch of teen-agers graduated from this prestigious school. All the speeches in the commencement ceremony and the written publications of the graduates showed a lot of reminiscing the past, preparing for the future and enjoying the pure exhilaration of being graduates of Torres High School. The year's theme then was "Face Reality". According to the graduation message of the principal, Mr. Bandong, "It is high time that we face reality. We can not always lay the blame for the venalities going on around us on the administration. If we have the grafters and the corruptors, it is because we have tolerated them, nay, even encouraged them by idolizing the smugglers and the

influence peddlers. Let us face reality and change our sense of values". The group of graduates, batch 1966 heard the message amidst the sounds of the Beatles and the Flippers. They left their school enthusiastic to face the real world as graduates and as Filipinos with lots of hope and a high sense of idealism.

Year 1985, Ferdinand E. Marcos was still the president of the Philippines. Throughout his 20-year tenure, there were highs and lows. To hasten economic development, he implemented economic programs which helped the country to enjoy the period of economic growth from the mid-1970s until the early 1980s. Agriculture and industry improved. Tourism rose, also contributing to the economy's growth. The remittances of overseas Filipino workers who found employment in different parts of the world was a major source of economic growth. Because of this, the Gross National Product rose from Php 55 billion in 1972 to Php 193 billion in 1980.

But his second term was marked by increasing civil strife known as the "First Quarter Storm". Lawlessness and violence in both urban centers and in the country sides worsened. As the New People's Army gained strength student activism gained strength. The country was in chaos so he had to show more strength through the imposition of martial law. The Philippine economy suffered a great decline after the Aquino assassination in 1983. This event also paved the way to the downfall of President Marcos.

The Batch '66, a group of diverse personalities was an array of talents and ambitions. But after graduation, the history of the batch came to a halt to give way to the personal history of each alumnus. Each of them had to search their reason for being, to find their mission here on earth. Some had to go to college to pursue their ambition in life but others who because of economic reasons had to work to be able to live. Almost all of them had to experience the joys and the pains of life. Some had to start another phase of their lives, to find their partners in life and

to take on responsibilities as heads of families. A few had to end their journey here on earth and joined the Creator.

Because of too many preoccupations in this "after graduation phase of life", Class '66 failed to meet as a whole group. Some, however, made connections because of forced circumstances as classmates, co-workers, neighbors, and sweet hearts.

Year 1996, the mid-way of the term of another strong national leader who was a statesman, President Fidel Ramos. His administration centered on the country's economic development. All his efforts were focused on helping the Philippines reach the status of newly-industrialized country by the year 2000.

This was also the year of a new status in the batch history when most of the members were everywhere - building, leading and making a difference. Many of them were already accomplished so they had more time to reconnect themselves with the past. The effort was initiated by two people, Antonio O. Yu and Gloria Tolentino-Baysa in a far away province of Pangasinan. They both agreed to have a reunion. Tony Yu placed an advertisement in the newspapers regarding the reunion.

The feasibility of having a reunion was discussed during the first meeting that took place on February 25, 1996 at the Josephine's Restaurant in Roxas Boulevard. This was attended by the proponents, Tony Yu and Glo Tolentino Baysa. The following also attended and were very enthusiastic about the plan: Corazon Castro-Rubio, Hector Fernandez, Ariel Rey Juco and Lamberto Trinidad. The responsibility of contacting the other members of the batch was assigned to Bert Trinidad. He asked the assistance of Edgardo Santos, in this task of searching other members through a house to house drive in Gagalangin and other areas in Tondo. Ike Robles also gave gasoline tickets for the house to house campaign.

The first meeting to finalize plans for

Class '66

CELEBRATING OUR RUBY JUBILEE

the grand reunion took place on March 10, 1996 at the office of Jerry Santiago's office at Project 6, Quezon City. The members of the batch who gave their time, expertise and other resources to make the first grand reunion a reality were the following: the original group of Cora Rubio, Glo Baysa, Tony Yu, Hector Fernandez, Bert Trinidad, Jerry Santiago, Ariel Juco and Edgardo Santos. Another group of newly - contacted alumni also attended the said meeting: Raul Tangco, Raul Protacio, Ernesto Gadia, Wilfredo Rubio, Alfredo Salvador, Jr., Benjamin Domingo, Jr. and Augusto Flores (now deceased). The six meetings held after this meeting kicked off the first alumni get - together.

The first Grand Reunion of Batch '66 was held at the library of Torres High School in the afternoon of May 5, 1996. All the members of the different committees came early as nine in the morning for the final arrangement and setting-up of the place. Raul Protacio who was still an employee of Coca-Cola provided the drinks and used a roving van to announce the grand reunion in Gagalangin and other nearby areas of the school. Navy Captain Ariston de los Reyes invited the singing group from the Philippine Navy for the music from the '60s. It was a memorable and festive affair with a record of 178 alumni and several guests. Plaques of appreciation were given to 18 faculty members who attended. The crowd was there to reminisce and to celebrate. The success of this first grand reunion was made possible because of the contributions of the following people: Jerry Santiago, Herminia Nuque, Gloria Baysa, Ike Robles, Ariston delos Reyes, Edna Guevara, Oscar Zamora, Honor Apolonio, Fely and Catalino Macaraig.

The grand reunion was very memorable and the members of the batch would like to have a taste of the

same experience again. So, there were other get-togethers that followed:

1. The excursion in the training grounds of the Philippine Marines at Ternate, Cavite that was held June 2, 1996 through the initiative of Ariston delos Reyes and Enrique Robles.
2. On December 14, 1996, a first Christmas Dinner - Dance was held at the Philippine Navy Officers' Club at Roxas Boulevard.
3. Some members of the batch went on caroling on December 22, 1996. Instead of asking for donations for the Christmas Songs that the group rendered, a box full of grocery items and other gifts were distributed to the less fortunate members of the batch.
4. The following year, 1997, another Christmas Dinner - Dance was held at the Kowloon House at the West Avenue, Quezon City. This was made possible through the effort of a small group of members who had series of meetings in the COCOFED office of Emily Silloco - Abeleda.
5. Another Christmas Dinner - Dance was held at Kowloon House at Quezon City on December, 1998.

These gatherings were a purposeful mix of learning and fun. It offered opportunities for the members of the batch to reconnect and to enjoy each other's company.

A series of exciting moments in the nation's history happened after the term of President Fidel Ramos. All these events - the changing of the guards, President Joseph Estrada, then President Gloria Macapagal - Arroyo and the EDSA People Power 2 promised a better Philippines to all its citizens.

BUT in the history of the batch, the emotions were different. Everything was quiet after the December, 1998 affair. We

Class '66 reunion on December 10, 2005 at Camp Aguinaldo Officers Club.

rested on what has happened in the history of the nation and the history of the batch. We reflected on the pluses and the minuses of all the reunions. There was silence for several years and the batch did not meet as a whole group.

It has been said that there is a time for everything and this came into a reality. Suddenly like a sleeping giant, the batch was able to transcend the concerns of everyday life and decided to organize a series of meetings that started on May 11, 2005 at the office of Ariston delos Reyes,

who was then the Vice Chief of Staff of the Armed Forces of the Philippines. It was initiated by Serafin Songco who flew from California with a request from the members of the batch in the States to have a grand reunion in celebration of the batch's Ruby Anniversary. In these meetings the organizers decided another get-together for the batch before the grand reunion in the year 2006.

And so it happened, through the efforts of a group headed by Ariston delos Reyes, Maria Luisa Villafria-de Castro, Edna Guevara, Hector Fernandez, Ariel Rey Juco, Oscar Orbeta, Renato Pena, Leticia Velasco-Guevara, Corazon Castro-Rubio, Jerry Santiago, Edgardo Santos, Lamberto Trinidad, the husband and wife team of Catalino Macaraig and Felicitas Lopez-Macaraig, Antonio Yu and Cita Carluen, the following activities were undertaken:

- I. The preparation of a Directory for all the members of the Batch '66 residing in the Philippines and abroad. A list of the deceased members was also included in the directory.

Oath taking of class '66 officers during thr reunion on December 10, 2005 at Camp Aguinaldo.

2. The election of the officers of the Board of Trustees for Batch '66.
3. The oath taking of the officers which was held in the reunion of the batch on December 10, 2005 at the Officers' Club in Camp Aguinaldo. There were 148 members who attended the affair.
4. The testimonial dinner for Vice Chief Ariston delos Reyes held last January 28, 2006 at Hyatt Regency sponsored by Oscar Orbeta. This was attended by only a small group of members from the batch.
5. The participation of a group of 64 members from Batch '66 in the

A testimonial dinner for Ariston held last January 28, 2008 at Hyatt Regency Hotel.

Class '66 attendees in the grand reunion on March 18, 2006 held at Torres High School covered gym.

grand reunion of all the alumni of Torres High School held in its covered gym last March 18, 2006.

At present everything is being prepared for the grand reunion, the 40th anniversary of the batch - contacting the other alumni here and abroad, organizing meetings to prepare the venue and the program and soliciting donations for other projects. Hopefully the reunion that will be held on December 29, 2006 at the school grounds of Torres High will not only be an opportunity for the batch to rejoice, reunite, reminisce and recollect but also to help their beloved alma mater in its mission of educating the Filipino youth.

It has been said that history is a record of past events. The nation's history is a selective interpretation of what occurred in a particular period, country and its people. We, as Filipinos are all a part of the nation's history. It is but fitting to include the history of Class '66 as part of the nation's history.

Class '66

CELEBRATING OUR RUBY JUBILEE

by HONORATA APOLONIO

As 1966 graduates of Torres High School, we are grateful and take pride by the fact that we were educated by the most prestigious public high school at the time. High school life was both fun and challenging... great curriculum; competent teachers; innovative methods of instruction; diverse scholastic, spiritual and extra-curricular activities; dynamic student-faculty relationship; socio-cultural consciousness; students' participation in governance and a lot more opportunities for quality secondary education. But in the midst of all of these intertwined factors, there was a common factor that

would bind us together and served as a motivation to pursue greater goals: poverty

When we stepped out of the premises of THS Compound, we were faced with other realities which would eventually impact on us as we continue our journey after high school. To name a few: the country's politico-military environment, the women's liberation movement, the US-USSR cold war, the growing Beatlemania fanaticism, the Hippies and LSD, advancement in technology, etc.—these confluence of events and developments helped shaped our perspectives and choices in life.

Forty years after and looking back, where are we now? To my mind, the last forty-year existence was a high-point. It was during this period that we had spent the prime time of our lives ... when opportunities and obstacles came along our way that would allow us to harness our talent, determination, discipline, creativity and potential. It was how we responded to these opportunities and

obstacles that really mattered. By this time, most of us are either retired, semi-retired or about to retire. And this means that, we have already created our own niche in society, we have already touched the lives of many, we have already achieved 'success' in terms of our abilities, finances, relationships, religious/spiritual life, health, etc.

In retrospect, THS prepared and equipped us with the basic tools/wherewithal as we entered the university of life; the condition obtaining at the time made us more aware of our responsibilities, accountabilities and rights as part of humanity; opportunities and obstacles come and go; but... by and large, it is really up to us if we want to press forward and achieve greater heights in life. And as we press forward, there will again be rejections. The greater the rejection, the greater the direction. **Doors will be closed, but newer and better doors will be opened. We have not gotten the best yet in life.**

Life is a journey LET'S ROLL!!!

Class Prayer

O almighty God, years have passed and we are still here... enjoying your blessings, aiming high, moving forward, striving to reach our goal.

Looking back through the years, We realize that we were never alone, You, O God were with us, nursing our wounds, easing our pains and making us strong. You have done all this because of Your great love for us. We thank you, for all those fruitful years.

We humbly entrust our beloved school, Torres High School into Your caring and saving hands. We implore Your constant guidance for all the leaders of the school as that they may commit themselves to serve the youth and fulfill their mission here on earth.

O God, we lift up to you the people who were with us through the years, our parents, and other members of our families, our friends, our teachers, our class mates and other people whom we have met and have shaped our lives in so many ways.

We specially pray for all the members of our class who have departed, may they be delivered from their sins and may they receive forgiveness and everlasting rest. We also pray for those who are sick, may they see You in their sufferings, continue to cure and ease their pain.

O God, help us and guide us through the coming years. Help us set our priorities. Keep us from focusing solely on material rewards. Remind us of our commitment to serve humankind for Your greater glory here on earth. Amen.

Making a difference in the food and chemical processing industry

UNIMEX is an engineering company and trading company with years of business experience in the supply of equipment, spare parts and know-how in fields of Food and Chemical Processing Industries.

For more than two decades of practice we have already made a mark in process engineering all over the Philippines. With a vast number of engineers that are knowledgeable in both thermal and mechanical process, Unimex is very much capable of handling large complex projects.

We have a strong project management team which has access to the latest computer aided project management techniques and has executed a number of large projects in challenging time frames.

Unimex, having its own in-house R & D, absorption and adoption of the latest technologies and committed technical team will definitely make a difference.
